112 exhibitors
& brands

1 238 professionals
visitors

35 conferences and
workshops dedicated
to sustainable tourism

What the participants say

“Interesting encounters with project instigators and exhibitors with services or products on offer that could be a good match for what our hosts are looking for. We are always open to new ideas for developing the Gîtes de France offering!”

Gîtes de France de la Loire

“We come to Horizonia to discover what’s new in terms of eco-construction and solar-energy with our 2023 projects in mind! Our adoption of sustainable tourism is a genuine commitment.”

Résidence Les Baguenaudiers, Normandy

“Some great encounters... Tourist offices, accommodation providers, project instigators... We are proud to accompany this trade show and its development, on a theme close to our hearts in which we also find our core target.”

Auvergne-Rhône-Alpes Tourism

Involved partners (2022 edition)

AN EVENT greentech⁺

As part of the GL events group, GreenTech+ organizes trade shows revolving around the common themes of ecological innovation and sustainable development, in a format unique in its field.

GreenTech+ is an accelerating force, committed to escorting stakeholders in their development, seeking tomorrows' solutions and guiding our citizens ever closer to eco-awareness and responsibility.

THE GL EVENTS GROUP COMMITS TO AN ESG APPROACH, AS EVIDENCED AT THE HORIZONIA TRADE SHOW

ESG has become a reflex at the core of our activities and our company. The Horizonia trade show seeks to visibly limit its impact on the environment and implements dedicated action plans.

Diminish the event's carbon footprint

Limit the use of expendables

Develop diversity and local regions
